Shaking and Baking in Ft. Walton!

Snake Bytes

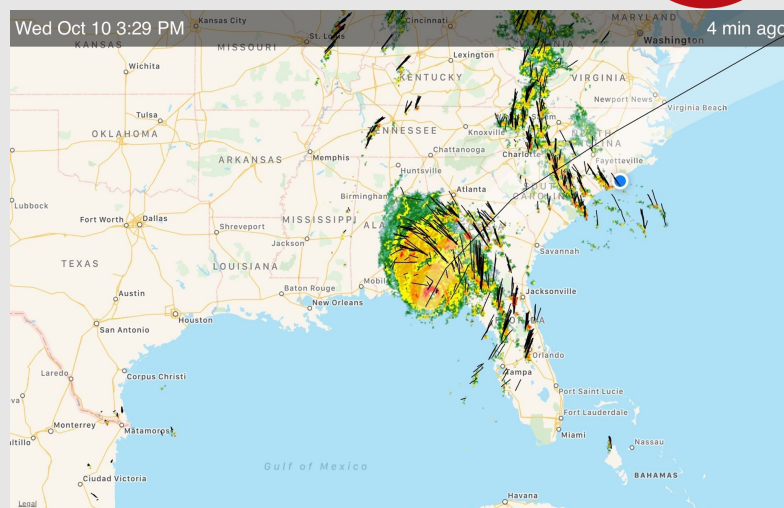

October 10, 2018

Hurricane Michael and Updaed Website

In today's special issue:

In today's Snake Bytes:

Hurricane Michael Update
Updated Website

Hurricane Michael Pounds Florida Panhandle

Hurricane Michael has now been categorized as a Category 4 and is making its landfall on the Florida Panhandle. Ground Zero is at or about Ft. Walton, FL, where we had our 2017 North American Championship. This storm is huge and will make life over the next few days and weeks extremely difficult for those in the area.

The Viper Class sends its wishes that Deb and Craig and all the rest of our friends on the Gulf get through this natural disaster unscathed.

Updated Viper Website

Thanks to a lot of hard work by Fletcher Boland and the Class Communications Committee, led by Buttons Padin and Cole Constantineau, the Class' website has just received a graphic and content updating. With some great new tips posted and a cleaner, more contemporary look, www.viper640.org is ready for your inspection.

Thanks to everyone who contributed to this upgrade.
